Employment History

Product Management Intern • Publicis Sapient • Chicago, IL • Jun 2025 – Aug 2025

- Developed a consumer-facing AI application for a car battery manufacturer, leading 4 software engineers on a six-week deadline using Agile methods and creating roadmaps, sprint plans, Figma UX designs, and databases of relevant information.
- Built a web app including a scanner using OCR, an AI natural language chatbot, machine learning recommendation systems, and designed additional features utilizing AI to transform web presence based on changing business requirements.
- Led client presentations, daily stand-ups, demos, and retrospectives to work on product development.

Student Researcher • Knight Lab Studio • Evanston, IL • Jan 2026 –Mar 2026

- Analyzed qualitative datasets on digital news platforms, using statistical network analysis, NLP, sentence-transformers, and HuggingFace models to quantify audience behavior and measure language cosine similarity across demographics.
- Co-authored final paper submitted to target journals for the first longitudinal study examining journalism's role in digital networks across five years, titled *AI Analysis of Journalism's Network Structure* for *Harvard Data Science Review*.

Content Lab Intern • Novartis Pharmaceuticals • East Hanover, NJ • Jun 2024 – Aug 2024

- Analyzed content marketing strategies and examples of human storytelling, creating a final report of best practices complete with campaign performance data visualizations and analysis.
- Assisted with IPMM effectiveness analysis reports and commercial shoots for digital marketing campaigns.
- Delivered a campaign with editorial and strategy teams and agency for a branded product, balancing creative and compliance requirements.

Co-Founder • Adams Theatre Company: A 501(c)3 Non-Profit • Dunellen, NJ • Apr 2020 –Present

- Founded non-profit theatre company, partnering with external fundraising organizations over branches in 2 states
 - Manage team of 7 Board of Directors to approve developed bylaws, constitutions, and business strategy
 - Navigate business incorporation, venue contracts with local governments, and balance finances over multiple branches
 - Produce 3 fundraisers to generate over \$2,500 and 7 performances to generate over \$15,000 with different student teams
-
